Appendix G — Budget Briefer Template

This template follows the Completed Staff Work (CSW) framework described in Chapter 9. It is designed to be filled in for each agency whose budget the MP will review during the annual Bangsamoro Expenditure Program (BEP) deliberation — whether in Committee on Finance hearings or in plenary.

The template covers sixteen sections. For detailed guidance on how to complete each section, refer to the corresponding sections in Chapter 9.

> **Purpose:** Establish the agency's legal mandate so the MP can test whether the budget matches what the law requires.
>
> **What to include:** The creating law (BAA, executive order, or BOL provision); core functions in 2-3 sentences; whether the mandate changed since the last budget cycle and the fiscal impact of any change.
>
> **Sources:** BAA No. 13 (Administrative Code); specific creating BAAs from the Bills and Index Division; BOL Articles IV-XII for constitutionally mandated bodies.

Primary Legal Basis:	_____
Creating Law / Issuance:	_____

Core Functions (2-3 sentences):

Has the mandate changed since the last budget cycle?	☐ Yes ☐ No
If yes, describe the change and its fiscal impact:	

Section 3 — Overall Development Goals

(Refer to Chapter 9, Section 9.3.3)

> **Purpose:** Map the agency to BDP 2023-2028 goals so the MP can assess strategic alignment.
>
> **What to include:** Check which of the six BDP goals the agency serves (primary and secondary); write an alignment assessment comparing claimed goals against actual budget distribution (see Section 5).
>
> **Sources:** BDP 2023-2028 Chapter 2 (goals and strategies); agency BEP narrative; BEDC sectoral committee reports.

Check all BDP 2023-2028 goals the agency primarily serves:

	Goal	Primary?
☐		☐ Primary ☐ Secondary

	Goal	Primary?
	Goal 1 — Stable, just, and accountable government	
☐	**Goal 2** — Equitable, competitive, and robust economy	☐ Primary ☐ Secondary
☐	**Goal 3** — Peaceful, safe, and resilient Bangsamoro communities	☐ Primary ☐ Secondary

☐	**Goal 5** — Rich and diverse Bangsamoro culture and identity preserved and recognized	☐ Primary ☐ Secondary
☐	**Goal 6** — Strategic, adequate, and climate-resilient infrastructure	☐ Primary ☐ Secondary

Alignment Assessment:

(Compare what the agency claims to prioritize (goals checked above) against where its money actually goes (Section 5). If an agency checks "Goal 4 — Social Services" but allocates 80% to administrative MOOE, that is an alignment gap. Note any such gaps below.)

Section 4 — Organizational Outcomes and Key Performance Indicators

(Refer to Chapter 9, Section 9.4)

> **Purpose:** Establish the agency's performance track record before examining budget numbers.
>
> **What to include:** KPIs with targets, baselines, and whether each was met; root cause analyses for missed KPIs; check whether the agency tracks SQI and CSI — absence is itself a finding worth raising.
>
> **Sources:** Agency annual reports; BEP performance narratives; BDP results matrix (BEDC/BPDA); COA annual audit reports.

			☐ Yes ☐ No ☐ Partial	
			☐ Yes ☐ No ☐ Partial

For KPIs that fell short of target — root cause analysis:

(For each KPI marked "No" or "Partial" above, write 2-3 sentences: what was the target, what was actually achieved, and why the gap exists. Sources: agency annual reports, BEP narratives, COA findings.)

Service Quality and Satisfaction:

(Check whether the agency tracks these. If the agency does not have an SQI or CSI, mark "No" and note "N/A — agency does not track this metric." This is itself a finding worth raising during the hearing.)
